"He allows me to be myself"

Philip, a chartered surveyor from Wales, felt that relationships through work were not a good idea, but how else could he meet someone? Lindsay, a systems analyst, agreed, and after yet another Christmas on her own decided to do something about it by joining Dateline. Philip had been a member for some months before meeting Lindsay, but he was the first man she met. From the beginning it was very obvious how comfortable they were together and how much they had in common. "Initially it struck me how much of a friend Philip was – the most marvellous thing about him is how he allows me to be myself." Eventually it became obvious that they wanted to get married and as Lindsay says "We fit so well together – I mean after only 3 months I was planning to buy my wedding shoes in the sales and he hadn't even asked me then! I was going to give him a few more months then if he hadn't asked me I was going to ask him." She didn't have to, and they were married last July.

"Something made me think I wanted him there and then."

Marjorie lived almost on Richard's doorstep and when she saw him so smiling and with his lovely silver-white hair, she says "I just felt I couldn't let him go." "I wouldn't admit it to myself for a long time," says Richard, "but it was definitely a fairytale story of love at first sight. I more or less made up my mind that she was the one for me and I decided to go all out to try and win her."

Dateline

"A friend of mine said she was going to join Dateline and I remember thinking 'Oh she's ever so brave, if only I could do that!"

Finding happiness for people of all ages all over the country

Margaret's life had revolved around her son and she had been on her own for many years. Margaret finally plucked up enough courage to join and after meeting quite a few people finally wrote to Bill. Bill was concerned that as Margaret was from London "she might be very sophisticated, a bit hard and insincere," but he liked her letter very much and her, in person, even more. "I thought she was very nice, very pretty and very caring, totally different from what I expected." They met in January and were engaged by April, but as Bill says "Join Dateline – just look at us! Dateline matches you with the type of person you're looking for. If you meet people through the more usual ways you may be physically attracted but you may have nothing in common. This way there is so much we can share and we have the attraction as well."

KEEPING TABS

I hope I don't sound too bum-licking when I tell you that Mayfair really is getting better every month! Not only are the girls the best looking in any magazine I've seen, but the features are good fun too. But even you lot surpassed yourselves when you gave us the lovely Tabitha Sanders, possessor of the most perfect, peachiest bum this side of Paradise!

It was little wonder that you chose to put this luscious 20-year-old across your centre pages, (though I was surprised you didn't put her lovely smiling face on the cover too!) and I'm sure Tabitha will be proud to see herself there too. There's nothing I wouldn't do to entice this cute little sex kitten into my bed. And there's nothing I wouldn't do for her once I got her there! I would spend hours kissing her taut little bottom and licking the length of her pink pussy — and never ask anything in return. No, not even a blow-job!

Please bring Tabitha back soon to give us all a second helping of her gorgeous body and pretty face. But this time devote a whole issue to her! — Patrick, Holborn

You are not the only one to notice Tabitha's hypnotic charms and unrivalled rear, the Editor was quite taken by them too. So rest assured, Patrick, you'll be seeing plenty more of Tabby in the very near future. In fact, just you try stopping us!

UP AND OUT!

You've done it again! Just when I thought I'd seen about every horny woman that would ever turn up in Mayfair you find a stunner like the gorgeous Gabrielle (Vol 28 No 2). Thing is, it's really got me in trouble.

My girlfriend has never really minded me reading Mayfair and shouting, "Corrr!" out loud every thirty seconds, she's even been known to flick through it herself, but when I saw the pictures of Gabrielle the other week I think I got a bit carried away.

I'm the first to admit I never know when to shut up, but even when I kept going on about Gabby's smooth, rounded tits, perfect bum and the sort of lips that could make a man faint from a hundred yards, I didn't think I'd upset her.

But then I went out and bought a couple of extra copies so I could get a massive spread of them on the bedroom wall. Unfortunately, that was the last straw, and when Jean came home from work, I took her by the hand and dragged her into the bedroom.

She thought I was all ready for a bit of how's-your-father and was frantically stripping away when I stopped her and proudly showed her my handiwork.

She took one look at me, then Gabrielle, and then back to me before pulling her dress back on and storming off round her mum's! Now she's not talking to me!

So if she's reading this, I've taken them all down and I do apologise, and I promise it won't ever happen again.

Mind you, that Melinda isn't bad either, is she? — Steve, Norwich

MY POUNDING 'ART

Have you noticed how the fashion for naughty postcards and posters seems to be coming round again? No, I don't mean those bawdy ones you get at the seaside but tasteful nude pictures of men and women. I've spotted several lately, and it brought back memories of a happy but bizarre bonk I had with Trisha, a girl back in the mid-Eighties.

I met her in a coffee bar in Soho and was immediately stunned by her slim figure and bohemian dress. Trisha had long red hair and a thin tee-shirt with small but firm breasts that bobbed bra-less beneath it.

I didn't have the nerve to say anything to her the first time she came in, but after a few visits I risked something incredibly original like, "I see you a lot in here, don't I?" She smiled, and explained that she had a business round the corner. I later discovered that she was an artist. Naturally, I had to ask in a cretinously gauche way, "Do you need any models then?"

She was polite enough to smile, and then said, "Why, do you fancy it?" By then I was blushing and giggling like a schoolboy but she was serious! "It takes ages and you have to sit very still," she went on. "And I'm afraid my studio isn't very warm!" To say no would have sounded like cowardice or just a cheap chat-up line which it was, so I agreed.

We arranged that my first session would be the following evening. I arrived at about six, and as she said her studio, though small and cluttered, was cold and draughty. All there was was a small Calor gas fire to keep the model from dying of hypothermia. I admit that it wasn't anything like the sexy scene I imagined. How could she get her models to look so horny in this room? I soon found out.

"Get your clothes off and sit in that

"Most girls are much naughtier than men take us for, you know," giggled Shanine Linton (35D-24-36), proving her point by slipping a hand between her lovely thighs and caressing her pussy. "You show me a girl who doesn't play with her pussy and I'll show you a girl with no hands!" joked the Southport-born sun-lover, letting her own hands get carried away amongst her soft pubes. "I'm not shy about admitting that I masturbate. The only thing I wouldn't admit to is fantasising about sucking off Jonathon Ross while I do it... Oh dear," she blushed, "now everyone knows!" Ⓜ

Here Is The Nudes...

Our roundup of the tits, glitz and other naughty bits that are making the headlines

PARADIS FOUND

There are people in this country who would do anything to see sexy pop singer Vanessa Paradis' tits. But before you run naked down Oxford Street with a rose between your teeth, we've found a much easier way to set eyes on her big hits.

Noce Blanche sounds like a new French dish with a white wine sauce, but by about the second bite you'd realise that it is in fact a saucy new French video from Tartan with a white cover. There is no wine either, just moaning courtesy of the pixie-like Paradis, who spends much of the film rolling around naked on crisp white sheets.

Once described as the "new Bordeaux", (or was that the "new Bardot"?) the elfin Paradis, singer of the timeless classic *Joe Le Taxi* a few years back which had every man over forty suddenly watching *Top of the Pops* again, pulls off her part (and her bra) with considerable panache. As Mathilde, she plays an impishly sexy student who seduces her 49-year-old married teacher, which inevitably leads to a sticky end.

In addition to the obvious pleasure of watching Paradis' fairy-princess body spread across the screen, the video, directed by Jean-Claude Brisseau, is fresh and refreshingly thoughtful. *(Funny, that's what Empire magazine said too — the Editor).* In fact there are only two drawbacks: the subtitles occasionally obscure Paradis' considerable talents, and *Joe Le Taxi* doesn't feature once on the soundtrack. Oh well, you can't have everything!

PRICEY PANTIES

"There is something so exciting about opening a box, unwrapping crisp crackling tissue paper and revealing the silky shimmer of something soft and luxurious..." isn't there? Well, it's a thought that's kept us all awake.

These lines are wrenched from David Nieper's new lingerie catalogue for the seriously wealthy-cum-bored. It is the sort of collection where one can pick up an "indispensable wrap" for a mere £95 or a "divine Peignoir" for only £129.

This is all very well, but if you are lucky enough to know a girl that is wonderful enough to deserve a ton being spent on her, what's the first thing that springs to mind? A weekend in Paris? Sending a hundred red roses to her? Or a splashing out on a Terry and June-style nightie?

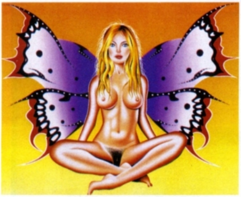
Women like Angela Rippon will be snapping up this stuff, but it's really not for us.

PFEIFFER'S PFANNY?

Michelle Pfeiffer, who has never so much as given us a glimpse of tit despite several saucy roles, seems to be enjoying a rather more dangerous liason with this photographer. The Fabulous Norma Jean Baker girl appears to have left her panties at Frankie and Johnny's place for this Marilyn parody. But is she really pflashing her pfanny? Has Catwoman become Pussywoman? We leave the decision to you. And we thought the only fishy thing lurking in the shadows was The Penguin!

ARTY TARTY

Fancy an "orgasm in sparkling colours?" Sounds messy, but that's how Paul von Groningen of the Love Art gallery in Amsterdam describes his porky paintings.



Paul has been working as a professional artist for some years, selling his saucy subject matter in Holland, Germany, Belgium, America and Britain despite an asking price of around £1,000 a piece.

"They are autobiographical," Paul said of his amorous artwork. "I have done most of the things I portray, and those I haven't are my deepest fantasies."

Not bad for a man who admits to being no oil painting!

"I always work from models. Generally I get girls, photograph them re-enacting my fantasies, then work from the photos."

Sounds like our kind of job!

If you want to see more of the naughty thoughts of a randy Rembrandt, then you can visit his gallery of around 30 dirty pictures. The Love Art gallery can be found at 249 Uiterwaardenstraat in Amsterdam and is open from 2pm. Good luck trying to ask the way!

"We are not open in the mornings cos I work at night..." Paul explains.

Work?! Call that work?

armchair," she ordered curtly. My willy was shrinking by the second, and I really just wanted to go home, but I was determined not to wimp out. So after stripping off, I took my pathetically weedy frame with its 'last three grapes on the bunch' genitals and sat on the chair as instructed. I tried to look calm and confident. I failed.

"Don't worry, everyone is like that to start with," she said with a warm smile. "I know what would help." With that she started to lift up that thin tee-shirt top, and slowly slipped it over her boobs. What they lacked in size, they more than made up for in shape. They were like firm oranges, bobbing slightly as the material was lifted off them, her nipples perking up in the sudden draught.

Sure enough, my willy started to make an appearance from its hiding place. It even managed to grow a little. "Now that's better isn't it?" Trisha grinned, and started to walk towards me, her boobs barely wobbling. That perked my pecker up considerably. Then she sat on the arm of the chair, and placed my hand on her bare breast.

It felt wonderful — smooth, firm and cool. Instinctively my lips moved towards it and I kissed her lightly on the nipples. She started breathing more heavily, and rested her hand on my expanding cock. I thought my luck was in but after my dick had grown to its full height, she got up again and went over to her easel. I was feeling horny alright — after my cock, keeping still was the hardest part!

For five successive evenings I sat for Trisha, hoping like mad that she would finally get to showing me more than her juicy tits! Every time I arrived she'd tease me into shape and then go back to the painting. By the end of the week my balls felt like they'd explode! Then on the sixth night after another titty tease she said, "It's finished."

"If it isn't I am!" I said with a laugh as she played with her pert breasts for the umpteenth time. "Are you going to show it to me?"

"Not before I've rewarded you for your patience," she whispered, and this time started stroking my cock more firmly. This really was too much, and suddenly I started spurting all over her hand.

"Now, that should help a bit," she grinned. "Now I'll show you my work." So saying she turned the

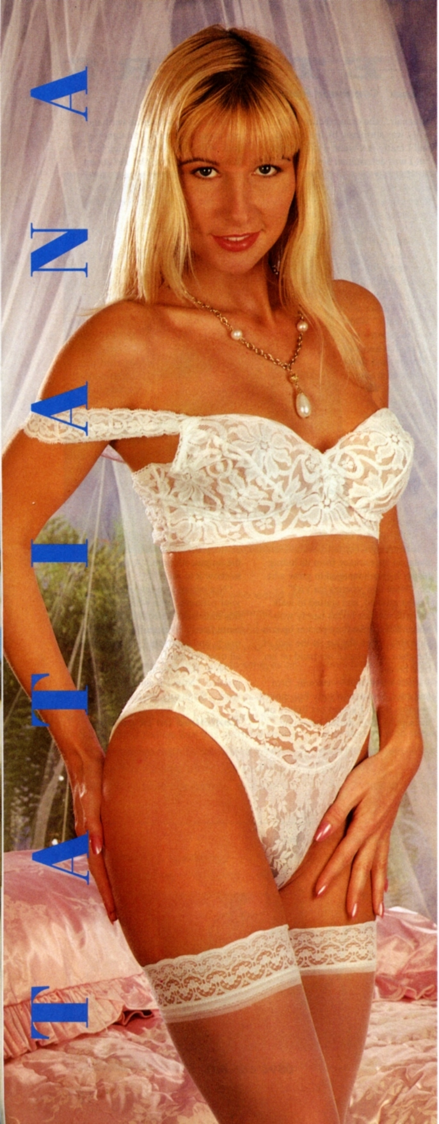
TATIANA



It's the first time we've ever been treated to the sight of the titillating Tatiana Taylor from Rye, but if this is the sort of thing she's got up her sleeve — and her skirt — it probably won't be the last!

"I'm so glad you like me," grinned the 35-24-36, 20-year-old. "Because I must admit to feeling a little nervous about all this before today, and I didn't know if this lacy bra and panties would look good. But I think the whole thing came off rather well, don't you?"

Well, you could say that! But what's all this we hear about your

mum not wanting you to model for us, we asked? "It's nothing like it sounds," Tatiana reassured us. "She was just a bit put out that she couldn't be in *Mayfair* too. My mum's a very fit 40-year-old and she's always saying she's still got better boobs than me!" Better boobs than you, Tatiana? Now those we would like to see! "Funny, that's what our milkman says too!" Ⓜ

Sun, sea and sex! Glamour models seem to have an idyllic lifestyle. Paid a fortune to lounge around gloriously hot beaches in exotic locations, they then have their pick of the local guys in the night clubs every evening. Mayfair's new roving reporter, ***Jayne Hastings****, was sent to get a slice of the action!*

It was a particularly grey and drizzling morning as I reached the *Mayfair* office to discuss my new job as their roving reporter. The Editor's mood seemed to match the day, dampened by a phone call from a photographer currently sharing a Portuguese villa with five bronzed beauties informing him that it was a beautifully warm 80 degrees out there.

"Here, even the coffee isn't 80 degrees!" he said sulkily.

"But it must be hard work," I ventured.

"Hard work? Is it buggery!" he exclaimed. "Sitting on a beach all day, drinking all evening, screwing all night. It's bloody fantastic!"

I could tell that the cold wet rain was making him as bitter as the weather. Best not to argue, the thought of warm sun and a few hot fellas did sound good.

"I think I've just had an idea for my first assignment!" I smiled.

I packed for Portugal that afternoon, but first a quick phone call to find out what I was letting myself in for. It was to model Louise Hodges who in the last year has managed no less than 14 all-expenses-paid foreign jaunts. Las Vagas, Singapore, Egypt, the Mediterranean are like tube stations to her. No, she wouldn't be in Portugal, she was off to Venezuela — via Canada, naturally.

"It sounds a good way to see the world but if the photographer had his way it wouldn't be," she said. "To make it worth his while going abroad he has to shoot sets all day, every day. That's why I always have some time to myself after the session to see a bit of the place. That's not to say we don't have fun at night!"

Indeed not! Louise has been arrested in the Shanghai Hilton for dancing drunkenly in her underwear, gone skinny dipping with locals in Thailand and been chased by security men for getting her boobs out under the Hollywood sign in LA.

"All day, you are either hanging around or smiling continually. You have to keep the adrenalin going," she told me. "So at night, you need to let your hair down!"

I arrived at the photographer's rented villa at 7am, and was surprised to find three of the girls already awake, made-up and looking stunning.

"Maria, Sam and me are shooting at eight," Sharon told me. "Jo and Jan were doing the night shift — floodlit pool shots. When did you finish those, Jack?"

"About two," said the photographer blearily.

For the next three hours, Sharon and her colleagues posed on the seashore looking horny as hell. How do they keep it up?

"I think about my bloke back in Dagenham!" said Maria somewhat surprisingly. "I imagine him in front of the fire running his hands over my tits and kissing my nipples. I could be in the middle of Antarctica for all the difference it makes."

Or back in the *Mayfair* office...

But after a few minutes dreaming of Dagenham, you could see from the girls' faces — not to mention their nipples — that their attitude changed. Suddenly the hot sun on their bare bodies, the warm sea lapping at their fannies like a teasing tongue began to have an effect.

Sharon was becoming quite breathless as she stroked body oil into her brown boobs for the benefit of the lens. Her desire to seduce all the guys beyond the camera was as big and as real as the hotels along the seafront.

When Jack reckoned he'd had enough, it was obvious that Sharon hadn't. She was aching for a bloke. But Jack certainly wasn't going to be the one. He was already loading his camera ready for Maria. He had plane fares to pay for!

After lunch all five girls were ready for more work in the pool. This time they were working together, and the atmosphere was infectious. As they undressed one another, again any act for the camera soon turned into the real thing. Fingers were straying into bikini bottoms, fiddling with their clits through their swollen lips. These girls wanted only one thing — or should I say one thing each. But again it was not our laid-back lensman who was going to provide it. With their pussies throbbing and desperate for male company, it was obvious that it would not be a quiet night.

Sure enough, the girls voted en masse to go on strike that evening. They wanted some fun, and the local bar was going to be the place. Faced with a mass mutiny, Jack agreed, and suddenly five fuck-frenzied females with clinging on to the roll bar of a Suzuki jeep, as they hit town for fun.

After a couple of cocktails it was kisses all round for the locals, and we are not talking pecks on the cheek here. Jan was fondling the flies of a particularly well-packed waiter, and Jo dancing so close to her chosen prey their thin singlets threatened to melt and fuse together. Jack joined in half-heartedly when Maria squeezed the cheeks of his bum, rewarding her with a brief kiss.

"Oi, come on, do it proper!" she cried, her grammar drowned by several tequila sunrises. Jack allowed her a tongue sandwich and a fondle of her now bare boobs.

"I'm sorry," Jack said to me suddenly. "The girls get like this sometimes. It's being away from home."

With all due respect, mate, it bloody isn't! It's pent-up horniness, and what's more it's contagious. I too found myself being intoxicated by the atmosphere of cheap booze and deeply meaningless sex.

"Hey, Jayne, get your kit off!" Sharon shouted from somewhere inside a local's shirt. And suddenly two of the girls were pulling my thin cotton blouse off to reveal my suspiciously white tits in their matching bra. Not for long though, a quick

OAD

ping, and that was off too. With five other bigger, browner pairs to choose from my mamms were not exactly an immediate magnet but soon I was being dragged into a mass snog in the middle of the bar.

Girls were kissing guys, guys kissing girls and girls kissing other girls. Hands were everywhere, I had no idea who to thank for the expert finger down the front of my shorts. But I was grateful all the same!

"Right, everyone back to the villa!" cried Maria, Dagenham now a distant memory, but Jack decided to put his foot down.

"No, we're here to work!" he said. "It's going to be long and hard tomorrow."

"It's long and hard now!" cried a giggling Jan.

"And I'm not having you screwing all night. Tell you what, if it goes well, we'll come back tomorrow!"

So instead it was time for the sort of goodnight kisses that leaves you with tickled tonsils and a bruised bum, followed by dirty songs in the back of the jeep. After a skinny dip in the pool to sober up, we all fell into our shared beds and lost consciousness.

We were woken seemingly seconds later by a bedraggled photographer.

"Come on, girls, it's off to the mountains today."

Mass groans.

"Then we might go back to the bar tonight..."

Sadly, I wouldn't be. I had to return to drizzly W1 and convince the Editor that he had nothing to be envious of. Sure, it's hard work, but a raucous night out with these girls as a reward sure beats a crowded Underground home to Tooting! Ⓜ

SWEET DREAMS?

What are your erotic dreams like? One thing is for certain, I bet they are more verbose than Sarah Young's!

Saucy Sarah from Hampshire has become one of the most popular porn stars in Europe, and now Members Only video have started to market some of her films over here. *Sarah Young's Erotic Dreams* is the first and is now available for rental. But don't bother if you like your girls to talk dirty. The first hour of this tape contains precisely six words — "Lie down, go on, lie down"!

The reason for this is simple. *Erotic Dreams* is a compilation of cut down hardcore films, reduced to 18 certificate standards for us tame Brits. The original German dialogue has therefore been replaced by repetitive music, and all the bonking and lezzie lick-outs reduced to the occasional pelvic thrust and coy shots of girls poking their tongues out at each other. A German hard core fan would find what they've done to Sarah's sex scenes nothing less than a tragedy.

Having said that, Sarah has the biggest boobs you've ever seen, and they get fondled, licked and bounced around like footballs for a full 60 minutes! There is also a quite saucy scene with a black stud, some body oil and a bonk and you can at least console yourself with the thought that since this is cut-down hard core they were actually doing it!

BOX FACT

Remember the dramatic scene in *The French Leiutenant's Woman* where Meryl Streep stands on the harbour wall, with the sea crashing against it, and her dress blowing in the wind? Don't we all! What you might not know is that it is actually one of the most famous cross-dressing scenes in the world. For it is not Miss Streep standing on The Cobb at Lyme Regis at all. It's a technician called Terry in drag! Insuring Meryl would have been too expensive for the scene, so he climbed into her frock, and she was only used for close-ups.

CLOWNING AROUND

What's the stupidest job you've had? Well for gorgeous Gaynor Bell it was acting in a new video by wetlook lover David Wilkey.

Being the artistic type, Wilkey's latest work is based around a wetlook version of Wagner and is entitled (somewhat unfortunately) *The Nibelung's Wet Ring* (Artscene £38). The mock opera features Gaynor in black shift and stockings dancing then rolling around in the waves at a South Wales seaside resort. For some inexplicable reason, she has with her a lovesick clown who grimaces as though he's dying for a piss! Accompanied by a whining Eastern song, this would probably be wonderfully surreal had they not had to share the beach with holidaymakers and kids with lilos who, like Gaynor, were wondering what the hell was going on.

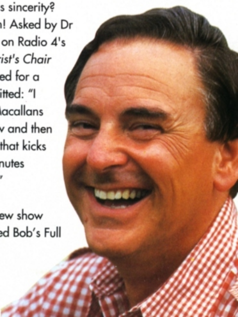
The clown may not fare very well in the video, but in reality he did much better. The following morning after a "post shoot celebration", Gaynor decided to soothe his hangover by getting her tits out at the table, smearing them with cream and then pushing his head between them! Now THAT we understand!

The Nibelung's Wet Ring is available from Artscene, 11 Valley View Close, Larkhall, Bath.

BOB FACT

What's the secret of Bob Monkhouse's brilliant wit and obvious sincerity?
Answer: Scotch! Asked by Dr Anthony Clare on Radio 4's *In the Psychiatrist's Chair* how he prepared for a show Bob admitted: "I have a large Macallans before the show and then I have another that kicks in about 45 minutes from the end..."

Perhaps Mr Monkhouse's new show should be retitled Bob's Full Glass! Ⓜ



ANNA

Sporty Anna McGuire, 19, ou angelic athlete from Oxford has notched up more awards than there are in an award shop on delivery day!

"Yes, but they've all been fo my modelling!" she says.

"I work out every day, running and swimming and everything so I'll be really fit for my gymnastics, but everybody says I look better stripping off my leotard than I do leaping around on the parallel bars!"

But surely your 33-23-32 figure is better than any score you'd get at the Olympics?

"Well, yes, but I wish people could see how good I am a performing on the mat, especially in front of an audience."

Somehow I think we've all got a pretty good idea! Ⓜ

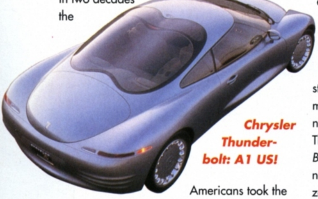
TORQUE TALK

Despite the demise of nearly every motor manufacturer this side of Tokyo, ***Hugh Laver*** *claims that all is not doom and gloom for the British car industry — Nigel Mansell has gone and the Capri is back!*

If you're still miffed at Mansell for quitting controversy-torn F1 for the green pastures of the All-American Indy Series, consider this: of last season's 33 starters all but one were designed and built in Britain; 22 of them were powered by British engines too. So don't be fooled by the Ford and Chevrolet cam covers — the British racing fraternity already has its own special relationship with the Americans and it's called total domination. The simple fact is that without the likes of British manufacturers like March and Lola, there'd be no Indy Series. And we'd still be stuck with Nigel.

The Yanks still like to think of Detroit as Motor City too, but for most in the business Motown has always been a disappointment when showtime comes around. Not this year though. For the first time in two decades the Americans took the lead at their own international motor show. Chrysler won hands-down, unveiling an aggressive coupé version of the 165mph *Viper* roadster and an outlandish four-seater called the *Thunderbolt* powered by a four litre V8.



Chrysler Thunderbolt: A1 US!

They also showed a 240 horsepower hotrod called the Plymouth *Prowler* saying they could put it into production because all the major components come straight off the production line. All the major components, that is, except the bodyshell, chassis, chrome exhaust manifold, fenders, radiator grille...

Plymouth Prowler: production hotrod. Not!

Not so sure about the new Jeep *ECCO* either. Designed to be 100% recyclable (yawn) it's been designed as a turn-of-the-century replacement for the classic *Wrangler*. The great thing of course about the *Wrangler* is it still looks like the real thing — the GI's Jeep. The new jobbie looks like it's straight out of Toys R Us, but then given that today's 10-year-olds will pass their driving tests around the turn of the century, perhaps the marketing men know what they're up to after all.

Which is more than can be said for Oldsmobile. 'Olds' is the most troubled division of General Motors, which is saying something — GM have just filed the biggest corporate loss in history — but it's hard to know whether yet another big V8-powered saloon will be enough to dent their £16,000,000,000 overdraft. Imitation being the sincerest form of flattery, Oldsmobile deliberately styled the new *Aurora* to look like a Jap import, presumably on the grounds that if you can't beat them — and Olds definitely can't — it doesn't really matter what you do.

The Jeep ECCO: boy toy

It wasn't just the Americans who pulled the stops out either. If it's true that necessity is the mother of invention Porsche (down-and-out-if-not-quite-dead) really need a new invention. They unveiled it at Detroit, calling it the *Boxster*, a combination of 'boxer' (what spannerheads call horizontally-opposed cylinders) and 'roadster'. Racey, retro and really-I-must-have-one, the mid-engined open two-seater harks back to the days of the *550 Spyder*, and rewrites the Porsche rule book taking the company back to its 50s heyday. True, it rips off Ford's *Focus*, but who cares when it looks this good. If anything can save Porsche this one can.

The Boxter: the answer to Porsche's prayers?

All that said, the most beautiful car at the show was a Jaguar. Too bad it was a 25-year-old *XJ13*. Sadly the 500bhp *XJ13* was obsolete by the time they got i up and running and (like so many of today's show cars) never went into production. I'm sure there's a message in there somewhere for Chrysler, Plymouth and Porsche: concept cars are all very well, but real success starts in the showroom.

Finally, the time has come to trade your Ferrari in for the hippest car on the streets — a Ford *Capri*. Yes, the 1970's mass-produced bell-bottom transporter with a bonnet the size of a double bed and an engine the size of a hair dryer's is back in a big way, pushing the price of even the rustiest

Standing on Ceremony

Dear Lavinia, I was always told that when a lady enters the room I should stand up and offer her my seat. Consequently when my mate's girlfriend burst into the toilet whilst I was having a crap, I immediately rose with my trousers round my ankles, welcomed her warmly and gestured she might like to sit in my place. She screamed and ran away. Why?

Hand-in-Glove

Dear Lavinia, Can you tell me when it is socially correct for a lady to wear gloves?

Antonia, Sussex

Lavinia says:
Whilst it was once considered the height of impropriety for a lady to le the house bare-handed, these days gloves are more the exception than th rule. The only time that they are de-rigeur is when wanking off men you not know so well. Then a glove of a washable or wipeable material such PVC is a useful precaution.

CALIFORNIA DREAMIN'

Birthdays can sometimes turn up the most unexpected surprises, but none as bizarre as that presented to me in Hollywood a couple of years ago.

After a particularly tiring day at the studio, I arrived at the house up in the Hollywood Hills that I shared with Joey, a crazy, highly-intelligent, rock guitarist, only to find it in total darkness. Seconds later, the lights went on and I was confronted by Joey and about twenty others, all yelling: "Happy Birthday, Charlie!" It was a nice surprise. If only they had left it at that.

The party soon got going and, after a few glasses of potent punch, I found myself relaxing. The strength of the punch, I was soon to realise, was greater than I had originally thought. The first thing I knew about it was when I found myself staring at the naked, magnificent breasts of the beautiful blonde I was chatting to. It was only a flash but my alarm systems were alerted. Someone had spiked the punch. I wanted to kill.

I scanned the room, trying to identify the culprit. Joey was passing by with what looked like a groupie on each arm. I grabbed him and said, "Listen, Joey, some bastard's put some acid or something in the punch. Have you had any?"

He grinned and said, "Relax, Charlie. Go with it. It's your birthday."

I returned my gaze to the beautiful blonde still standing nearby. She had grown a unicorn's horn, bang in the centre of her beautiful forehead. While her long, flowing blonde mane added to the effect.

"Have you had any punch?" I asked, ducking to avoid the horn.

"No," she replied. "I don't drink."

"Good," I said. "It's been spiked with something."

"Really?" she said. "Are you okay?"

"Yes," I said, trying to sound as convincing as possible. "I think I'll just go and get some fresh air." I excused myself and stepped into the backyard.

I stood there and looked up at the stars in the clear night sky. It was as if I was under a massive black blanket beyond which was a brilliant light shining through the pin-prick holes. I could even see the thousands of beams hitting the ground.

I went back inside the house. The party was in full swing, except that everybody was now transparent. I could see their outlines but nothing else. I think the Beatles' *I'm Looking Through You* blaring from the hi-fi had something to do with it.

HAPPY BIRTHDAY CHARLIE

It's not easy manoeuvring through a prancing, dancing throng of transparent people. But I was in the mood for the company of the beautiful blonde unicorn. Then I realised that I wouldn't be able to recognise her if she was also transparent.

The search turned into a nightmare. No matter where I looked, I couldn't find her. My house turned into a labyrinth of mysterious caves, inhabited by all kinds of strange creatures. My next door neighbour, Ricky, a Mexican stuntman, metamorphosed into an Aztec high priest sacrificing a pretty young blonde on the kitchen table. When they started to change into a gigantic turtle, I left the kitchen and headed for my bedroom.

I don't know how much time had passed but I recall reaching a relatively normal state of consciousness in the back of Joey's 1979 Cadillac *Fleetwood,* driving through a desert at sunset. Joey was behind the wheel and Ricky was next to him.

"Where are we going?" I asked.

"Welcome back," Joey said, eyeing me in the rear-view mirror. "How are you feeling?"

"Okay," I replied. "Where are we going?" I asked him again.

"Surprise," Ricky said, grinning.

I gave up asking the guys where they were taking me. I was just happy to have my sense of reality back in one piece. I sat and gazed at the Californian desert passing by.

As darkness fell, the terrain became hillier and, in the eerie light of the full moon, looked like a lunarscape. We eventually arrived at a gateway. Joey drove through.

"Where the hell are we?" I asked, intrigue rising.

"Surprise!" Ricky grinned again.

I'd already had enough surprises.

We pulled up outside what I can only describe as a bigger version of the Little House on the Prairie, all lit up with oil lamps inside and out. As Joey switched off the V-8 all I could hear was bubbling, and all I could smell was sulphur.

"Where the fuck are we?" I demanded to know.

"I'll just go and tell 'em we've arrived," Joey said, cheerily, getting out of the car and going inside the house. Ricky just grinned. I knew I wouldn't get any sense out of him so I got out, stretched my stiff limbs and looked around. The setting was beautiful and tranquil. You didn't have to be 'spaced out' to see that. I wanted to settle there. Forever.

I walked over to where the bubbling sound was coming from.

There, in a rocky gully below me, was a natural rock setting. I watched as a young naked couple stepped into the steamy, bubbly water.

Joey emerged from the house. I asked him what was going on but he still ignored my questions. When we got back in the car and he drove us slowly up a nearby ridge to a long wooden building. We all got out of the car and I noticed that they had even packed me a bag. The three of us then climbed the steps and went inside the building.

There was a long corridor with a row of Japanese style paper partitions on either side. They slid open the first partition we arrived at and gently shoved me inside the cosy, candlelit bedroom. There, lying on the bed, smiling, was the beautiful girl from my party. Across her waist was written, in lipstick, 'Happy Birthday, Charlie'. I turned to look at the guys. They both grinned broadly and slid the paper door closed behind me.

For I don't know how long that night, the only sound I could hear was the beautiful blonde giving me sensational head. The place was so quiet that the sound echoed through the moonlit canyons. What a trip.

Not my Bag

Dear Lavinia, I must write and say how rude you Londoners are.

Outside Kings Cross Station recently I noticed a sign telling me that for security reasons I should "report any unaccompanied bags to the police". Therefore, when I spotted a couple of large ladies with low-cut tops, PVC mini-skirts and six-inch high heels with no obvious male company hanging around outside, I naturally informed a bobby and he took them away.

The next thing I knew, a large gentleman in a Mercedes was beating me to a pulp. I know southerners are unfriendly, but this seemed rather rude in light of my public spirited act.

Archibald, Dundee

Lavina says:

Bags in this case referred to items of luggage not ladies of the night, Archie. The difference between them is simple. Whilst they both are often bound in leather or plastic, a suitcase has much less room inside.

50 WAYS TO LEA

Get on the bus, Gus; make a new plan, Stan, or just drop off the key, Lee are three ways to turn your back on your girlfriend the second she gets serious. But for the benefit of those of us with names like Marcus, Neil or Tarquin, sexy therapist, ***Dr Feelfree****, has compiled an exhaustive list of matrimonial escape routes…*

1 Explain you have to leave her because you love her too much (try not to burst out laughing at this point).

2 Say you really aren't good enough for her (again, no titters).

3 And that you want some more space (oh come on!).

4 I mean, it's not that you still can't be friends, is it…

5 Or you could explain that you've been asked to be Robert Redford's stunt double *again* and have to leave for Hollywood immediately.

6 Or you're joining a holy order in Kent.

7 And that you, er, have to start your Introductory Celibacy Test as of now.

8 The Stones have asked you to take Bill Wyman's place and you'll be off touring in the States as of Monday week.

9 Say you are entering a cryogenic state of total refrigeration that afternoon as part of your ongoing experiment for eternal life, you know, just for the benefit of mankind.

10 Tell her you've just won a 20 year holiday with a tribe of Amazonian women that revere you as their God and it would be rude to refuse.

11 When she comes round next mince it up in a ruffled shirt and a pink feather boa and tell her from now on you want to be called Rose Marie.

12 Feign complete amnesia, roll your eyes to the back of your head and call her daddy in a German accent.

13 Make some sandwiches and hide in the loft for two years.

14 When she's fast asleep, get your passport, a bicycle, and a change of clothing and dig a tunnel to France.

15 When out driving in the country, pull over and ask her to check the brake lights, then when she gets out, give her a wave and wheelspin off laughing.

16 Prematurely bury yourself.

17 Find a sandy beach, leave your clothes in a neat pile, walk into the sea, and fake your own death. Of course, if you can't swim you won't need to fake anything.

18 Explain that you have entered the local dance contest at *Mister Discos* with local permed beauty Barbara Weizenstein, and won't be able to see her on account of all the sweaty rehearsing you'll both be doing in front of enormous mirrors to a Bee Gees soundtrack.

19 Tell her you are your own long lost twin brother and that you have disappeared and no, you don't know where you are, honest.

20 Commit an international crime by wearing a catsuit and stealing some diamonds badly (ie, in a loud voice) and end up doing a 20-year stretch in solitary.

21 Put a big black cloak on, a top hat and a fake moustache, go all wild-eyed and throw her out into the snow, ideally accompanied by a manic silent film piano soundtrack.

22 Sit her on your knee and carefully explain how it's funny, but you've always fancied her mother…

23 Say your dick's dropped off.

24 Apologise that you can't have sex because your knob is still sore from that marathon session you had with her sister last night.

25 Say you have to say goodbye as you've just got your call-up papers.

VE YOUR LOVER

26 Stick a fake beard to your chin and one to either palm, file your teeth down to a point, put luminous green contact lenses in and explain in a gruff voice that you're not like other boys...

27 Become a Liberal Democrat.

28 Or a chef at a Harvester Restaurant.

29 Or one of those charming people who clamp cars for a living.

30 Constantly wake her up by tiptoeing down the stairs in pyjamas in the dead of night singing about being a secret lemonade drinker.

31 Cover yourself in brown paper and get posted to Cairo.

32 Put some glue on your hands, then press them firmly against the back of an articulated lorry bound for Spain.

33 Go to the cinema together, say you're just nipping out to get a Kia-Ora then just keep walking.

34 Go to Beachy Head and give her the camera, stand on the edge of the cliff and keep shuffling back a bit until you fall off.

35 Go to Africa together and when she's not looking sell yourself to their flourishing white slave trade.

36 Say you've thought about it and you really think you should both sell up and move to the Isle of Wight.

37 When she gets in tonight, tell her you've made up your mind and you're changing your name to Gary Numan.

38 Or to Thomas the Tank Engine.

39 Or even better, wait till you hear her key in the lock, then rush into the bedroom and put some of her underwear on and stand with your hand on your hip in front of the mirror , singing, *I'm Every Woman.*

40 Alternatively, take all the light bulbs out, leave the gas on and hide behind the sofa with a bucket on your head. Then when she lights a match...

41 The next time you make love, shout out, "Oh Tony I love you big boy oh yes yes yes!" in a John Inman voice just as you're coming.

42 Pour some Old Spice all over her car, accuse her of sleeping around and chuck all her belongings in the street.

43 Or put some lipstick on and leave big kisses all over *your* car, then watch her hang around to talk about it...

44 Ring the police, put on a high voice, give your girlfriend's name and confess to every burglary committed in your area in the past two years. Then settle back to watch her being dragged kicking and screaming down to the local nick later that afternoon.

45 Work on an allotment.

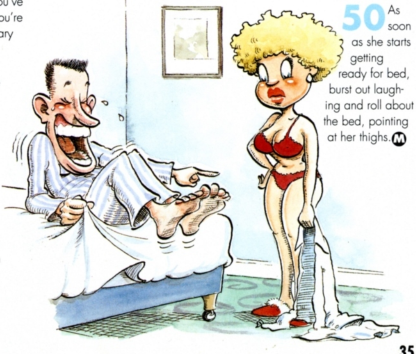
46 Break all her Simply Red albums.

47 Tell her you like the way she's got fatter, and that you're sure cellulite will be in this year.

48 Look her straight in the eye, stroke her face, and gently whisper, "Did I ever tell you darling just how rock ugly you are?"

49 Buy a tin of Quality Street and eat all the soft centres.

50 As soon as she starts getting ready for bed, burst out laughing and roll about the bed, pointing at her thighs.



KIRSTEN IMRIE

The British tabloid press are always being criticised for not giving the full picture — and i the case of Kirsten Imrie, that's a real crime. For whilst Sun readers are used to finding the 38-inch boobs of the hot Scot on Page Three, *Mayfair* men are equally familiar with all of Ms Imrie's 38D-24-34 figure.

The loveliest girls are in The Sun

★ WHAT a blow! Curvy Kirsten Imrie says fellas are always pollen her leg because she has to take it sneezy in summer. Our 21-year-old Edinburgh beauty itches to go outdoors, but gets a tickly nose and sore throat. Of course, lads are catarrhed with the same brush. When Kirsty comes out in the open, they get a touch of w'hay fever too.

Hay is last st for Ki

Brought up in Edinburgh, the 24-year-old is actually a sassanach — born in London's Kensington — but don't tell the Daily Record who voted her one of the "Flowers of Scotland"! As well as topless modelling, Kirsten has already made her film debut, appearing with Peter O'Toole no less in *The Rainbow Thief*, and is hoping it will lead to bigger parts in the future. But for Kirsten, her parts are quite big enough . "I spent my teenage years thinking my boobs were far too large. I could never fit into the uniform at school!" she said. "But now I've grown to like them and the way they feel. Don't you?" Chance would be a fine thing!

STUFF

You'll never get through April without...

Getting the video of *Doppelganger* (ITC), starring Drew Barrymore, child star of *E.T.* and now one of the hottest new stars in America. The film boasts "sex, violence, murder and intrigue", as well as the sort of special effects that would put *Thunderbirds* to shame.

It's a good indicator of traffic blackspots too, and to complete the package, how about an in-car 'radar' that actually gives the driver advanced warning of motorway road blocks around London? Page Three debut: 1987.
Early work: Topless pictures in Sun, Star and Mirror, 1987 Hofmeister calendar, promotion work for Guinness.
Modelling success: Second two years running in Page Three Girl of the Year contest — once behind Sam Fox, the second time behind Linda Lusardi. Finally won in 1990.
Current home: A huge house somewhere in Essex.
TV appearances: Maria's brief attempt at a television career included being a guest on Jonathon Ross's *The Last Resort*, stooge on *Little and Large*.
Film appearances: Whoops Apocalypse!, *Tank Malling* (a real turkey!).
Likes: Night clubs, smart restaurants.
Dislikes: Poseurs, tidying up!
Favourite food: Pizza!
Favourite blokes: Smooth, sophisticated types. Went out with Jason, a male model, for some time before arguments led to split. Likes guys who can afford to take her to the sort of posh places she has become accustomed to.
What she's really like: Surprisingly shy but with a lively sense of humour. The sudden wealth that came with her Page Three success (rumoured to be £500,000 a year at its height) has not made her big headed like some models. Easy to get on with and very sexy! Ⓜ

painting round. It wasn't bad, and very flattering in the groin area! It made my skin look rather blotchy but she assured me all oil paintings were like that. "Are you pleased with it?" she asked.

"Yes, it's really a very good of my... err..."

"All my painting are like that because I like big cocks. Now isn't it time you rewarded me for all my work?" So saying she started unbuttoning her skirt, revealing a trim black pussy — I had been right about her lack of knickers. It was already glossy with come.

"Painting men has always made me randy," she said. "It's a slow sublime torture, and I always have to reward myself with a good screw, so I hope your cock has recovered."

The sight of her sodden snatch had done the trick, and soon she was climbing on top of me on the armchair, her hard breasts pushing into my bare chest and her nipples stabbing me. She took the cock that she had reproduced so over-optimistically, and started sliding it into her willing slit. What happened then was almost as if somebody had attached a Hoover to it. Her cunt grabbed my cock tighter than a builder's fist and I had to push hard to get any screwing motion going.

Hardly surprising then, that after only a few thrusts my artful fucker was positively milking the come from my cock and I shot my load deep inside her tight tunnel.

I must confess that I didn't see much of Trisha after that. Maybe I was too keen or something, but soon she had moved on to another guy in the cafe. Every time I saw them together I knew why he was smiling so much and I wondered if he had expreienced that tight pussy of Trisha's yet. I know that even without the painting to remind me, I will never forget the time we spent together and especially the brief moments I spent inside her snug love hole. — Richard, W8

My girlfriend Helen has never made any secret of the fact that she occasionally fucks other guys. I don't mind — to tell the truth, it turns me on when she describes to me how it felt to have another man's cock in her pussy, and how much it made her come. She likes me to wank in front of her while she tells me all the juicy details, spurting my spunk over her tits and face when I can't hold back any longer.

Her last little adventure was even more exciting than usual though. She met a guy who told her that he liked to be watched fucking, and the two of them came up with a great plan: they wanted me to take pictures while they fucked each other's brains out right i

front of me!

We agreed to meet Dean at a hotel, and Helen dressed up so sexily that it raised a few eyebrows in the hotel lobby! She wore shiny black thigh boots, stockings and suspenders, a mini-skirt and sheer blouse and no underwear — far more tarty than her usual look, but she said she felt like

Look – why fight over it? She's a lousy lay...

THE ULTIMATE EVENING I

Fed up with going out to your local, spending all your money and still never getting near that busty barmaid? Sick of then watching the whole lot disappear down the toilet? Course yo are. The solution? Keep it all in...

Peace and Quiet
Take the phone off the hook (after you've finished your last call so you don't run up a ridiculous bill) and if you still hanker for that authentic pub feel get some peanuts, preferably still attached to that cardboard girl on a desert island. Oh, and don't forget some naughty videos to set the mood.

Eating
Do not bother cooking. Tonight, you proudly announce, is her night. Anything she wants will be hers. She just has to say the word... and you'll order it from the pizza delivery people down the road.

Mind you, they'll still be cold, have the wrong toppings and cost an arm and a leg, but it's the thought, isn't it?

Drinking
No evening is complete without enough alcohol to float a tug. Beer is always a favourite, although you may wish to consider a non-alcoholic alternative such as Cinzano, Campari or any one of those awful drinks girls like. It sets the mood, relaxes you both and has the bizarre effect of convincing you that you can shag all night. Laughable really.

Shagging
Don't forget the girl! A quiet evening in together is a golden opportunity to calm troubled waters, or to get to know her better if you're at the stage where you still find each others' stories interesting. Either way, you'll get your leg over!

SOFA SO BAD!

You must have seen that irritating TV ad for the Midland Bank where customers sit on a blue sofa with their suggestions as to how the bank can improve its services. What a load of bollocks! I mean, given that opportunity, most of us would be a lot ruder about their bank or come up with far more interesting suggestions than these lemons do.

Here are some of the comments we've heard already.

★ "I want to get on that sofa and shag the manager's wife every month — so long as I'm in credit!" Terry, Middlesbrough.

★ "I'd like to tell Barclays that turquoise is a dreadful colour for all the walls, furniture, ornaments etc..." Jane, Putney.

★ "I want a Switch card that's accepted in places I actually use — like pubs!" Jeff, Barnstable.

★ "I want to choose the stupid design for my credit card myself. A picture of Kirsty Keating from Vol 27 No 8 would be nice!" Rob, Ealing.

★ "I want a cashpoint machine that isn't covered in puke every Saturday night!" Jason, Chelmsford.

★ "I want the girl with the big knockers in my local branch to wear a PVC basque and elbow-length latex gloves!" Jim, Macclesfield.

★ "I don't want to be offered a free driving lesson, pen and book token then get treated like shit cos I'm a student with no money." Felicity, Bath.

★ "I want them to bring back the blotters so I can draw silly faces and write the word 'Bollocks' on them whilst the cashier's back is turned." William, Broadstairs.

★ "I don't want to be patronised by a spotty 20-year-old in a cheap suit with all the personal of Ken Barlow on sedation, or a middle-aged frigid cow who reeks of cats and hasn't had sex since the 50s, who think that they're important just because they have their name on a little plastic card and total autonomy over a 10p biro on a chain!" Everyone, Britain.

ARSE OF THE MONTH!

How desperate are you for money? Well, I know times are hard but you would have to go a long way to beat the indignities voluntarily heaped upon some women in the States in return for a few bucks.

A 'people show' in the *US called Anything for Money*, offers people the chance to do exactly that. The more humiliating the act the more chance you have of getting on the show and winning a prize. The most outrageous we know of is one housewife who let millions watch as she:

★ let her husband cut off her hair with his hedge clippers

★ covered her from head to foot in honey and chocolate sauce

★ decorated her with feathers

★ and finally made her do chicken impressions whilst he and the kids pelted her with raw eggs!

For this she was rewarded with an all-expenses-paid night out to see the star of her choice! But *Mayfair* would like to heap its own reward on the wacky wife and present her with the golden globes of Mirrel here for being the biggest arse we've ever heard of.

If this is the sort of business initiative needed to kick-start the economy in Britain, then I for one will settle for recession! (Anyway, what would you have to go through to meet Bob Monkhouse?)

ROVER'S A CRAP CAR — OFFICIAL!

If you're always saying that British cars are full of shit, then here's one story that, at first glance, would confirm your opinion. The Labour borough of Lewisham is set to spend tens of thousands of pounds supplying its park keepers with new Rovers to ride around in. And what are they going to use them for? Collecting dog poo, of course.

The new Rovers have ample space at the back for tons of turds and are spearheading the borough's clean-up campaign. But before you write to one of the Tory tabloids complaining of a loony lefty council using luxury cars to fill with shit, we ought to point out that Lewisham's Rovers don't come from Longbridge and certainly aren't upholstered in leather-look vinyl. No, Rover stands for Ride-On Vehicle Excrement Remover, one of the crappiest acronyms to pass our way in ages.

What we want to know is whether the Rover Group was happy that their name was being used for a small ugly vehicle packed to bursting with festering turds.

"I don't see why not," replied a man at our local garage. "After all, they've been making the Metro for years!"

Protection

Now that every pub and club has a condom machine, get one of each possible colour, flavour and texture and pop two quid down the drain for added reality as the bloody things always eat your money as soon as you twist the handle.

Reading

Mags are not only good to have around when you're re-winding the video, but they're also handy if you've run out of new positions. It's not that they've got any inside, it's just that you can always both balance on a pile of them.

Charlotte

Witness this! It's legal secretary Charlotte Langley proving that she's a law unto herself by baring all in *Mayfair* once again! The 36C-24-36 lovely may not bother about a law suit or keeping her briefs for long, but if we're any judge she's a winner. "Since my last appearance in your mag, they call me Rumpo of the Bailey at work," she giggles. "My ambition now is to strip off in the No 1 court during a big trial!" Now that would cause the judge to issue a short sentence — namely, "Wow!"

LIANNA

This month's nubile neighbour is Lianna from Leicester. The naughty 19-year-old was nominated by Jeff, a local businessman, when he spotted her at the first barbecue of the year in "the skimpiest bikini I've ever seen!" He immediately suggested we featured her 36-23-35 figure in our pages. Lianna was over-joyed when we suggested it. QUEST

LABORATORY OF HUMAN RESPONSE

WHAT MAKES A WOMAN BECOME ATTRACTED TO A CERTAIN 'TYPE' OF MAN? AND MORE IMPORTANTLY, WHAT SEXUAL EXPLOSIONS OCCUR WHEN A WOMAN FEELS DRAWN TO A MAN WHO'S NOT HER USUAL TYPE? QUEST TALKS TO THREE WOMEN WHO HAVE FELT THAT EXPLOSION – AND ITS CONSEQUENCES...

Quest: You say that you were happily married, but soon felt that there was something missing from your marriage. What was that?

Mrs W: Well, looking back, it was when that first flush of sex appeal had begun to fade. You know the kind of sex you have when you're courting – you want it any time, any place, anywhere, and you don't care how you get it! But once you're actually married, living together and sleeping together day after day, night after night, the sexual novelty soon begins to wear off.

That's what happened to my husband, Dave, and I. Before we were married, I couldn't get enough sex – but after we started living together, our sex life tailed off. I don't think it was anyone's fault, but suddenly we were only having sex about twice a month.

> "My nipples were straining, and my pussy twitching under my tight skirt"

Now I'm a very highly sexed person, and gradually I found that I was becoming extremely frustrated. That made me draw away from Dave, and although I didn't like the way things were working out, I hadn't even entertained the thought of having an affair. But things just turned out that way.

I met Jean-Paul through my work, he's a regular customer, and I must admit I'm used to the punters flirting with me. To tell the truth, I really enjoy all the banter and revel in the fact that all these blokes find me attractive. Although Jean-Paul had been playing this game for a while, I'd not really thought twice about him, and I don't know what made me do so on the particular day when we became lovers. It just happened.

PERSONAL FILE

Name... Mrs W.
Age... 27
Sex... Female
Town of origin... Southwold
Other details... This redhead works part-time in a betting shop. She is happily married to a safe and kind husband, but recently has become sexually involved with one of her wealthier customers...

He comes into the shop about twice a week, always looking smart (he's a local businessman who does very well for himself) and I gradually found myself looking forward to him coming in; my nipples straining though my sheer white blouse, my pussy twitching under my tight black skirt as I felt his gaze on my tits. He never bothered to hide the fact that he fancied me, but I never openly responded – until that day...

I don't know why, as he's the first man I'd looked at sexually since I met my husband. Jean-Paul has those typical Latin lover looks: his sleek black hair brushed back, all the sharp clothes, the lot. And of course, that cocky look that made me think he always had his way with women. The type of man I usually avoid, in fact, so I don't know what came over me that afternoon. All I knew was that I wanted Jean-Paul: I wanted him to screw me into the floor until I was begging him to come inside me.

The day it all happened, I was really giving Jean-Paul the come-on. He smiled and asked me to meet him after I finished my shift, he said meet me at the end of the road (so no-one could see me from work) and he'd be waiting in his car. It was almost as if another woman, not myself, was agreeing to all his demands.

That afternoon I took off my knickers and stuffed them in my bag, and I was so turned on that I was sure Jean-Paul would be able to smell my pussy juices. I never wear a bra, and my boobs felt aching and heavy as the nipples rubbed against the sheer chiffon. Suddenly, I was dying for cock in a way I hadn't been for months.

> "I pulled my thighs apart, my cunt gaping as wide open as my blouse"

Jean-Paul was right on time. I didn't know where he was taking me, and I didn't really care. I just knew that he was going to fuck me, and that that was what I needed more that anything.

"You're so different from my husband," I told him, spreading my thighs apart and stroking the soft flesh of my inner thigh. I teased him with a little flash of my red bush, and I could tell he was getting more and more aroused as the bulge in his trousers grew even as he drove!

His hands on the wheel were shaking. "I don't know why the thought of your cock in my cunt is turning me on so much," I whispered.

"It's because you know I feel the same about making love to you," he smiled back. "That's what we like about each other."

When he pulled over in a layby just off the main road, I thought he meant to have me then and there. But what happened was even better. He motioned to me to get out of the car. I was so excited my legs were like jelly as I walked in front of the car and stood, posing for him, not even caring if any of the cars going past could see anything! I hitched my skirt

up around my waist, showing Jean-Paul my neat red minge for the first time.

I reached down and tentatively touched myself between my legs, feeling my little love button responding as I rubbed it with my thumb as hard as I dared. Suddenly I was a real vamp, pouting at my soon-to-be lover, my hands roving over my boobs as I made sure that my nipples were good and ready for him when I undid my blouse.

“Now, get on the bonnet,” he commanded, and the way he took charge really drove me wild. Normally, I like to be the one in control when I'm fucking, you know, being the aggressorzs, but the way Jean-Paul knew just what he wanted – and what I wanted, too – made me fancy him even more!

Doing as he said, I lay on the car's long bonnet, not caring about anyone who might be watching from the main road, and pulled my thighs apart, my cunt gaping nearly as wide open as my blouse.

I felt constricted by my skirt being rolled up around my waist, so I motioned to Jean-Paul to roll it off, which he did, rubbing the soft cloth over my bare stomach and bum as he did so. I reached down between my legs to show him my cunny, and could feel how juicy I was, how I was throbbing inside as I imagined the feel of my lover's cock thrusting in me. The heat of the bonnet was warming my buttocks as he hastily pulled off his trousers and pants and I got my first glimpse of his cock.

It was quite long, but that wasn't really what interested me! His cock must have been as thick as my wrist and was circumcised too, which made me even more eager to get it inside me. I lay right back, my legs spread, inviting him to fuck me. I could already feel my love cream leaking on to the bonnet, coating my red pubes.

When Jean-Paul mounted me, he started teasing me at first by running the helmet of his cock around the entrance to my pussy, not even pushing inside me, just rubbing at my velvety love lips until I could feel the ripples of a climax start to wash through me. I knew that when I orgasmed, I was going to be shouting the place down.

Then he slipped slowly into my pussy, stopping after every inch so that he could savour the feeling of my cunt walls gripping his shaft and my hot juices covering it, then pushed till I had his length completely inside me. I felt my cunt stretching deliciously, and Jean-Paul's tongue licking my firm boobs as he busied himself between my legs. As soon as he was all the way inside my cunt, he started thrusting hard and fast, his strong strokes setting my cunt on fire.

“Tell me when you're going to come, darling,” Jean-Paul panted lustfully as I dug my nails into his back and my high heels into the backs of his thighs. “I want to know so I can come at the same time.”

> “My eager cunt gripped his thick cock, my juices covering it as he eased inside me”

I didn't reply just then – I could hardly breathe, let alone speak – and just concentrated on circling my pelvis around, so that with every inward stroke, Jean-Paul's cock touched every part of my cunt. Our pubes were tangling as the friction sent me into paroxysms of lust, my nipples and clitty throbbing, my boobs bouncing as Jean-Paul let me take over the reins and dictate the pace of our fucking.

It didn't last long, but it was wild and animal sex! All too soon, Jean-Paul was groaning and shooting his come inside my cunt, so much of it in fact that it trickled out from between my love lips and lay in pools on the car bonnet.

Because I hadn't come yet, he rested his cock inside me, letting me clench my cunt muscles around the softening shaft as I arched my pelvis up again and again, working my thumb on my clitty at the same time, squeezing until I finally felt myself coming.

It was great sex, even better because throughout our fucking, passing cars were hooting their horns at us to signal that they were enjoying the show!

Quest: And you're now having an affair with Jean-Paul, aren't you?

Mrs W: Yes, though it's definitely only for sex. It's strange, but we don't really communicate on any other level except that.

Like I said, he's not my usual type at all – not just the way he looks, but also because he's very loud and forceful, and I like to be on more of an equal footing. But the sex... well, that's what's keeping this affair going. and strange though it may sound, this affair has really revitalised my sex life with David beyond belief!

QUEST

LABORATORY OF HUMAN RESPONSE

Quest: You're pretty sexually active, aren't you? You said earlier you need to have a lot of sex in your life?

Miss R: I guess that's true, yes. I lost my virginity at 17, and since then I've never looked back. I don't know how many sexual partners I've had, but it's more than 20. I don't have one night stands, but most of my sexual liaisons have been short-lived, a couple of months on average.

Quest: Why is that? Is that a conscious decision?

Miss R: No, not at all. My problem is that I've got a very specific type of man that I go for, and it's very rare for me to be attracted to anyone who doesn't fit this strict criteria.

For me to be sexually attracted to a guy, he has to be tall, quite beefy and well built — I love some muscles to grab on to when I'm being fucked! And I only go for blond guys – I suppose that's because I've a dark complexion, and I love it when people see what a striking couple myself and my partner make.

I also really like the intelletual type. If a bloke looks studious and a right bookworm, all the better as far as I'm concerned! But the only men that I'd avoid were doctors. I just always feel that it's a bad idea to get sexually involved with people you work with, and that was a philosophy I'd always stuck to, until a few months back.

That was when David started work on the ward that I'm attached to. Naturally, I had to work for him as well as all the other doctors on that ward, and something clicked between us immediately. Every time he looked at me, I could feel my cunt juicing up and my heart beat like crazy. If he brushed past me in the corridor, my nipples would jump to attention. After about a month of this, I knew I had to do something, despite the fact that not only was David one of my colleagues, but he's fairly short, stocky and very dark – not at all the type I normally go for.

The week I decided to act, I spent the whole time in a state of extreme sexual arousal. I had to keeping nipping off to the loo to give my throbbing, hot, aching little clitty a quick frig, my juices gushing out from between my pouting love lips.

Every time he even glanced in my direction, I imagined being fucked by his stiff, thick cock, and my cunt was set off again. Having sex with him became an obsession that ate away at my brain every second of the day.

Eventually, I saw my chance. David's shift was going to end at 8pm the next day, so I decided to make sure that I just happened to be working overtime that evening too.

I cornered him in the sluice room (of all places!) and just started up a trivial conversation. But by the way he looked at me, I knew that he knew what was on my mind. I just made my move by slamming the door with my foot and standing in front of it so that no one could get in. Then I started to unbutton my black silk blouse and my firm boobs sprang out, not held back by any underwear. I could see David's eyes nearly popping out of his head!

"Why don't you take that coat off?" I said, pointing to his white doctor's outfit. "I bet you don't know how much it turns me on, seeing you walking around in that all day. It turns me on THIS much!"

And to show him just what I meant, I lifted up my skirt and showed him my cunt. I'd purposely not worn any knickers that day, and my pubes were gleaming, my cunt lips moist and swollen. I reached down between them and started to play with myself, slipping my fingers in and out of my pussy, gasping a little, it felt so good.

And it must have looked good to David, too, because he didn't hesitate in unbuttoning his shirt and unzipping his flies to reveal a bulging hard-on. I was down on my knees in seconds, lovingly cradling his balls in the palms of my hands as my wet lips covered his cock for the first time.

My mouth had to stretch pretty wide to get his whole width in, and my nose nuzzled into the thick fuzz of hair which covered his whole pubic area and spread all over his stomach and chest. I normally don't find hairy men a turn-on, but this was different.

I was getting so aroused, I couldn't think straight. All I could concentrate on was the taste of his thick length as he scythed it in and out of my mouth. His salty juices were oozing out from his cock – and I eagerly licked off every drop.

The pace of the blowjob was slow and sexy for more than five minutes, as David just enjoyed the sensation of my tongue caressing his cock, but eventually it became too much for him, and I knew that he was going to spunk into my mouth – exactly what I wanted. I'd fantasised so often about swallowing his come that I could hardly

believe my dirty dreams were about to come true. Breaking off for a second, I looked up to him and whispered, "I've dreamed about you coming in my mouth, David. You won't hold back, will you?"

He grunted that he couldn't even if he'd wanted to, and so I braced myself for the spray of spunk I knew was coming. When he shot three streams of come, in quick succession, I really felt them hit the back of my throat, and I savoured every drop of them in my mouth before swallowing greedily.

David leaned against the sink, looking spent but very satisfied, and I grinned up at him, both hands gripping his softening cock. "Don't think I've finished with you yet, Doctor," I grinned. "My pussy needs some of your spunky medicine now."

"My mouth had to stretch wide to get the whole width of his hard cock in"

And I started to stroke his cock back to hardness between my fingers. I'm really practised at handjobs, and David closed his eyes as my skilful fingers worked on his shaft. Soon I could feel him throbbing and growing in my hands as I wanked him until he was as stiff as he'd been before his orgasm.

As soon as I knew he was ready, I positioned myself on the edge of the sluicing table and parted my legs, exposing every inch of my eager cunny to his gaze. "Now let's have what the doctor ordered," I told him.

He didn't need telling twice. Wrapping my legs around his waist, he held my hips firmly as he slowly, deliciously, pushed his cock inside me and began slow, authoritative thrusts which send ripples of pleasure through my cunt. They seemed to spread right the way through my body, and leaning back, I offered him my tits to suck as he screwed me hard.

Then he let me take over the pace, with me clenching my cunt walls as I felt him go as deep into me as possible – I thought the end of his cock was going to come out of my mouth, he was so far inside my pussy! He had lifted me right off the edge of the table, so that my whole weight was supported my him, my heels digging into his bum so that my cunt lips were stretched to their limit.

"When are you going to come?" he whispered as he nibbled first one of my nipples and then the other, his breath hot on my cleavage.

"You'll know," I panted back to him, knowing that my orgasm was really close. My clitty was bursting, my boobs all full and swollen, the sensations of little climaxes building up inside me. Then it happened. "Now, now!" I screamed.

He gave one last great lunge inside me and I came, my hot love juices pouring from my cunt, but although I was writhing and panting like a wild animal, he didn't stop his fucking rhythm. In fact, he speeded it up, keeping the evenness of the strokes but just going faster and faster, the muscles in his arms and chest straining with the sheer effort of it all.

"You want another load?" he asked, and it was all I could do to nod at him that I wanted to feel his spunk in my cunny. When he finally came again, the sensation of his hot cream made me orgasm again. There wasn't as much as the first time, but that didn't matter – it just felt so good to have two orgasms in one afternoon.

I can barely remember straightening up, dressing and us leaving the sluice room quietly so as not to be spotted by any of the other staff. I was still reeling and feeling dizzy from the best fuck of my life.

Since then, David and I have had quite a few similar encounters whenever our work rosters have allowed, which thanks to my cunning is twice a month!

"I reached down and gently slipped two fingers in and out of my pussy"

I'd like to have a more serious affair, but I think he's got a girlfriend somewhere in the background, so he's not too keen on leaving her completely — well, not yet, anyway.

So even though I'm not quite his number one girl, it's all worth it for the occasional fuck, and I guess it's a good thing not to get too involved with someone from work.

After all, I really ought to stick to one of my principles!

QUEST

LABORATORY OF HUMAN RESPONSE

Quest: You weren't a virgin when you met the man who is your current lover, but you didn't have much sexual experience, did you?

Miss C: No. I'd lost my virginity to what you might call my childhood sweetheart; though, ironically we spilt up just a few weeks after we had sex for the first time.

I'd held out on him for two years, and then when we finally did get around to fucking each other, it seem to trigger the end of our relationship. After that I had a couple of very casual sexual relationships, but nothing that lasted. I was beginning to think that sex wasn't all it was cracked up to be, although I enjoyed masturbating myself, and also giving blowjobs and getting head, but the sex itself really didn't set me on fire, if you know what I mean.

Quest: Why do you think that was?

Miss C: Looking back I think it was because I wasn't really attracted to the guys that I was having sex with. The chemistry just wasn't there. They were all lads of about my own age, and they were all very sweet, but they really didn't have the experience I needed to bring me out of my shell.

Other details... This young brunette has just left college and is currently seeking employment. She normally dates men of her own age, but is currently in the throes of an extremely passionate affair with a man almost twice her age...

Quest: Were you attracted to older men before you met Brian?

Miss C: No, I'd never thought of having an affair with an older guy at all. But Brian changed my mind about all of that.

I met him just before I was about to leave college. There was an end-of-term party, and Brian's daughter was on my course, though I didn't know her all that well. He came to pick her up from the party, and I, as a member of the social committee, happened to be on duty on the door selling the tickets when he turned up.

I could tell right away that he was attracted to me, just the look in his eye gave it away, and to be honest, I was instantly attracted to him too. I preened myself as he sat there eyeing me up, thrusting out my firm young tits so that he could see them at their best, and hitching up my skirt so he'd get a good view of my long, tanned, bare legs sticking out from under the table. Then, as he stood there waiting, I got up and walked past him so he could get a really good look at my figure. He couldn't take his eyes off me!

We started chatting, and although he didn't ask me out then and there, he left with a pretty good impression of how I felt about him.

A few days later, we bumped into each other in the street. I knew this was my chance to make my move, and I must admit I was pretty brazen with him, casually steering the conversation around to men and then to how much I really fancied him, even though I had to admit older men weren't really my type.

> *"I really enjoyed stripping him down and stroking his huge, stiff dick"*

"How about coming back to my place and letting me show you just how much of your typ I can be?" he grinned. That settled it. I went back to his place right away.

I was worried that his wife might walk in or something, bu it turned out that he was divorced. Mind you, I was so hot for him by then that I didn' care. As soon as we were in his sitting room, I turned around and said to him, "I can tell you've got a hard-on, Brian. Why don't you let me take care of that?"

I really enjoyed stripping him slowly but confidently, inhalin his tangy aftershave mixed wit the smell of his pre-come juice The knob of his cock was coate with them, I found when I'd dispensed with his underpants. His pubes were trimmed right dow too – an incredible turn-on.

I began to play with his stiff dick, stroking it gently but firmly. I could feel all the blood

pulsing through it, and my clitty started to throb massively.

I'd never felt so aroused with any of my previous lovers as I did just then, and I could hardly wait for Brian to slip his length between my legs and right up into my cunt.

"Let me do you from behind – you'll feel it much more deeply that way," Brian suggested. I was really pleased and excited that he should think about what I wanted. He gently undressed me, though he left my stockings and suspender belt on, saying how much he loved seeing me in silky lingerie.

Then he positioned me on the rug, parting my thighs slightly as I knelt there, before he started gently working on my cunt with his fingers.

"I want to make sure that you're really wet and ready for my cock," he whispered, prising my cunt lips apart with his fingers and working over them steadily. At the same time, he nuzzled and sucked on my firm bum cheeks, clearly loving my smooth, tanned body. I just crouched there and let him arouse me beyond the point of no return. By the time he'd finished frigging my clitty, I knew that I'd have done anything, promised anything, so long as he filled me up with his cock meat.

"He prised my cunt lips apart and gently sucked my firm bum cheeks"

"I think you're ready for me now," he grinned. "You're lovely and wet."

Pulling my lips wide apart, he put one hand firmly on my bum and then guided his stiff prick inside me. I gasped as I felt his thick shaft slowly filling me with cock. All I could smell as I started panting and gasping was my own juices leaking from my pussy, and Brian's own masculine sweat as he eased gently into me. I was so turned on by the whole thing, I felt delirious.

"Tell me how fast you want me to fuck you," he told me once he was in me as far as he could go. I loved the fact that I was able to take all of his cock into me. "I like to do it hard, but it's up to you."

"Fuck me hard – and go as fast as you like," I breathed to him. "I can take anything your cock can give me."

"My pussy was so wet as he came, his hot jets of spunk shooting deep inside me"

My boobs were swinging around as he started pounding in and out of me with strokes so deep that it took my breath away. At the same time, he reached around in front of me and carried on playing with my hard clitty, rolling it around between his thumb and forefinger until I was shouting out loud that I was going to start coming if he wasn't careful.

"Come as many times as you like," he grunted, struggling to hold back his own orgasm. "I want to see you come before I shoot my load."

I couldn't hold back then, and a huge orgasm washed over me, the most satisfying one I'd ever experienced. It made my pussy so juicy that Brian had to hold my waist to keep his cock inside me, his balls slapping against my bum as his fuck-strokes built up to their crescendo.

"Your come, I want it," I panted as one climax subsided and I could feel another building up. And on my command he let himself come inside me, the hot jets seeming to carry on for ages. I leaned forward, my head resting on my forearms, and just let him empty himself inside me, keeping his cock in there until he had no more to give.

I'd never felt so satisfied sexually – but five minutes later I wanted to be fucked again! Brian's cock wasn't quite ready, so he did it with his tongue, again bringing me to a most gorgeous orgasm.

We're still lovers, and though I know I should spend more time loking for a job, that would mean giving up our daily sex sessions, and I really don't think I could do that.

Besides, I'd like to see the job that would teach me the same skills Brian has taught me!

PRIVATE

The Private Organisation video has been selected specifically for the British viewer. They are all good, strong original copies, featuring 180 minutes of hard-sex action.

HARD PORN VIDEOS ARE AVAILABLE NOW BY BUYING DIRECT FROM THE PRIVATE ORGANISATION

HARD-SEX AND MORE HARD-SEX

by Jan Rostrup

Private Organisation, Denmark's most successful producers of hard-porn videos and Europe's biggest suppliers are now importing direct to UK.

Their reputation, however, is not as strong in the UK as the rest of Europe, they have therefore developed an exciting new marketing policy for UK customers only, that of giving away — yes — giving away thousands of hard-porn tapes to establish themselves in the UK

Each of these videos is 180 minutes long and can only be described as hard-core pornography, and will be of interest to UK buyers looking for the genuine article.

Like you, I have been used to seeing the usual UK rubbish we laughingly call 'pornographic'. I was quite shocked by the explicit detail in the Private Organisation Videos.

I would add a warning that if you are not used to viewing such explicit pornography as shown in these European videos, especially those produced by Private Organisation, then you should not purchase as their content might offend you.

PHOTOGRAPHS BY IAN POTTER

When lovely Nicole Simmons isn't slipping off her knickers for *Mayfair* or slipping G and T's down her throat at her local wine bar in Clapham, she's doing what most of us can only dream about. No, not diving head-first between Sharon Stone's legs, but putting pen to paper and writing a book! "Don't get carried away, it's only a little bodice-ripper about a girl called Nicky and how she gets bonked," said our talented 21-year-old. "It's

not Dickens, just dicks-in! And there's no plot to speak of, just pages and pages of pantie-soaking sex."

So would this 'Nicky' bear any similarities to you by any chance, Nicole? "Well, it's easier to write from experience — and I've got plenty of that," she giggled. "In fact the only bit in the book that I haven't done myself is the part about the three girls, the cucumber and a pot of honey. But then there's still a month or two before publication..."

such a slut that she wanted to look like one too! It certainly did the trick for Dean; I could see he had a hard-on almost as soon as she walked in the room.

Helen told him to undress so she could see his naked body. He stripped off at once, eager to please, and then she told me to start taking pictures as she knelt between his thighs and lowered her head onto his erect cock. I could barely hold the camera steady as I watched her wet little mouth engulf his big, rigid shaft right to his balls. He groaned with pleasure as she lifted her head up again so I could see how his dick was glistening with her saliva.

She started sucking him off vigorously, letting his cock slide almost all the way out on each stroke so I could take some incredible close up pictures. It was almost like she was sucking my own rock hard cock, it turned me on so badly. Her hand was up under her skirt, rubbing her cunt, and I told her to pull her skirt right up to her waist so I could see everything. She did, and I took some snaps of her cute arse, and her fingers plunging in and out of her dripping pussy as she kept sucking on Dean's cock.

"I'm going to come," groaned Dean as Helen started licking and fondling his balls, sucking each in turn gently into her mouth and running her tongue over them.

"Spunk in my mouth," she begged him, turning her face up just as his come started to rain down on it. She stretched out her tongue and licked up as much as she could reach, then took his meat right into her mouth again to gulp down the last couple of spurts. I'd been taking pictures all this time — the only thing stopping me wanking off like crazy was that I needed both hands to hold the camera. But the though of all these pictures of my girlfriend covered in spunk was almost enough to have me shooting my load anyway!

"Sit on my face," Dean said, pulling Helen onto the bed on top of him. She straddled his head and lowered her juicy cunt onto his mouth, and I could clearly see his tongue thrusting up into her. She starting coming almost at once, yelling and gasping as she climaxed powerfully. I loved the dirty expression on her face, especially seen through the lens of the camera!

Dean was hard again by the time she'd had three or four orgasms, and I told him to fuck her doggy style. I felt like the director of a dirty film, telling him to give it to her hard and fast, just the way she likes it. But Helen had some ideas of her own; once Dean's dick was firmly planted deep in her cunt, she told me to get in front of her so she could suck me off at the same time.

With a bit of stretching, I found I could take pictures alternately of Dean's cock ramming into her pussy, and my prick thrusting in and out of her mouth. I just wished there could have been someone else there to photograph the whole thing from above!

With a massive yell, Dean pulled out his cock and sprayed his second load over Helen's back. Her shivers o pleasure set me off too, and I managed to click the shutter a few times as I coated her boobs in my thick cream.

I didn't quite believe it had all happened until I developed the photos and enjoyed the sight of my horny girlfriend covered in spunk all over again. I've wanked over them quite a few times since, and now Helen wan to show them to one of her girl friends. I can't wait to find out what happens next! — Mike, Bradford.
